## **DRAFT MULTI-YEAR BUDGET – 2016/17, 2017/18 and 2018/19**

### **PURPOSE**

The purpose of this report is to present the draft multi-year, 2016/2017 to 2018/2019 for consideration and for recommendation for approval by Council.

### **BACKGROUND**

The Municipal Finance Management Act (MFMA) directs that a municipality may only incur expenditure in terms of an approved budget which must be approved annually before the start of the budget year. In order to comply with this requirement (s16(1)), the Act requires the mayor of the municipality to table the draft annual budget at a Council meeting at least 90 days before the start of the budget year. The Mayor must at least 30 days before the start of the budget year for the purposes of section 23 of the Act table the documentation as prescribed in the municipal council.

In preparing the budget, the MFMA, the Municipal Budget and Reporting Regulations and the MFMA Circulars prescribe the content of the annual budget, the supporting documents, the structure and format of the budget.

The draft MTREF budget for 2016 - 2017 has been prepared in accordance with the compliance documents stated above.

The operating budget is divided into Revenue and Expenditure sections. Revenue and Expenditure are further disclosed by Revenue:- Vote and Source, and Expenditure:- by Vote and Type.

The Capital budget is also disclosed by Project and the funding source is Government Grants.

### **BUDGET PROCESS**

Council approved the budget and IDP process plan in line with the provisions of the MFMA.

The Budget office prepared budgets for payroll, interest, provision for bad debts and depreciation.

### **DISCUSSION**

This draft budget was compiled under the context of tough operating economic conditions. As a result, the budget was prepared using the approved adjustment budget for 2015/2016, and increased it according to the inflation rates as stated in circular 79 as a baseline.

National Treasury has issued Circulars No. 78 & 79 that should be used as a guideline for the new budget cycle, which I attach for your ease of reference.

I would like to highlight the following extract from Circulars 78.

**" 1. 2016 Local Government Elections and the budget process**

In the build-up to the 2016 local government elections, municipalities are encouraged to act towards ensuring financial sustainability. Now, more than ever before, it is paramount for sound municipal decision-making so that long-term sustainability of municipal finances and service delivery is achieved beyond the election period.

Municipal finances are presently volatile and there is severe pressure to maintain healthy cash flows and maintain effective cost containment measures. It is therefore imperative that municipalities refrain from suspending credit control and debt collection efforts in a bid to win votes.

Furthermore, as the current composition and leadership of municipal councils will, for the most part, be responsible for the compilation of the 2016/17 medium-term revenue and expenditure (MTREF) budgets, councils are advised to prioritise expenditure appropriations aligned to the policy intent as described in the integrated development plans (IDPs). Infrastructure provisioning for water, sanitation, roads and electricity remain key priorities.

In addition the outgoing council is advised to critically consider the financial implications before entering into new long-term contracts that are not of priority to the municipality and avoid if possible, committing the incoming council. In addition, refrain from purchasing cars and from incurring expenditure at this stage that will financially burden the incoming council."

## SUMMARY OF INCREASES

	2016/2017	2017/2018	2018/2019
<i>Headline Inflation Forecast</i>	6.60%	6.20%	5.90%
<i>Tariff Increase (Excluding Electricity)</i>	6.60%	6.20%	5.90%
<i>Tariff Increase Electricity as per circular 79, NERSA has not issued guideline:</i>			
<i>Prepaid - Domestic: Indigent Average</i>	9.40%	9.40%	9.40%
<i>Prepaid - Domestic: Standard Average</i>	9.40%	9.40%	9.40%
<i>Commercial Prepaid</i>	9.40%	9.40%	9.40%
<i>Commercial - Conventional</i>	9.40%	9.40%	9.40%
<i>Eskom Bulk Tariff Increase</i>	9.40%	9.40%	9.40%
<i>Salary Increase Cost of Living Adjustment</i>	7.60%	7.20%	7.20%

When budgeting for the 2016/2017 – 2018/2019, a strong focus on economic development is proposed by:

- Ensuring that value for money and long term impact / sustainability are key considerations
- Having an economic development / growth support strategy in place
- Pursue initiatives that:
  - Stimulate growth required to create jobs and to reduce poverty
  - Providing a competitive local business environment
  - Encouraging and support networking and collaboration between business and public / private and community partnerships
  - Supporting quality of life improvements
  - Facilitating workforce development and education
  - Focusing inward investment to support cluster growth
  - Supporting quality of life improvements

The notion of “doing more with less” can further be supported by municipal approaches that ensure:

- Spatial strategies align public spending and unlock public and private investment
- Focus on catalytic interventions that also promote inclusion and desegregation
- Provide clear signals to private sector

Municipal revenues and cash flows are expected to remain under pressure in 2016/17 and ***Municipalities must adopt a conservative approach when projecting their expected revenues and cash receipts***

The following should also be taken into account:

- Outcomes of Public Participation Meetings
- Municipality’s IDP
- Internal operational needs
- Budget Basis

The municipality's performance against its budget is a very important tool when determining the status of service delivery. It is therefore crucial to properly budget for the coming year in order to ensure viable and sustainable service delivery.

### **GOVERNMENT GRANTS AND SUBSIDIES**

The following Government Grants and subsidies have been allocated for the next three financial years.

	<b>2016/2017</b>	<b>2017/2018</b>	<b>2018/2019</b>

## **RECOMMENDATION**

**It is recommended that:**

1. Council approve the 2016/2017 to 2018/19 Multi-Year Budget as following:-  
(NT "A" schedules to follow)
2. Council approve the Rates and Tariffs for 2016/2017 as per **item 1.4.** below.

## 1.4 RATES AND TARIFFS

Council's tariffs have been increased as following
